

X Miss UK: Ashley Rawson

She's a conversation filler  
When there's nothing to say  
It impresses people  
That I've met Ex-Miss-UK

It's an awkward situation  
Words are ebbing away  
She thinks I leitch off her  
I don't see things that way

Yes I missed you Ex-Miss-UK  
Ever since I met you  
It's like i've tasted fame  
Though you ignored me in your  
Years reign  
Let's call that history  
Nothing stays the same  
Ex-Miss UK

My ex girlfriends ex boyfriend  
He used to say  
That breaking up was easy  
But it doesn't feel that way

And I want to cry 'I love you'  
Why won't you stay?  
But everything she says and does  
Is pushing me away

Yes I missed you Ex-Miss-UK  
Ever since I met you  
It's like i've tasted fame  
Though you ignored me in your  
Years reign  
Let's call that history  
Nothing stays the same  
Ex-Miss UK
